

# Noise suppression Printer cable

**NSC-PRN01 series**

Built in ferrite compound for noise suppression.

While its appearance is the same as a usual cable, it significantly reduces internal and external noises.

To connect a PC and a printer. Good for DOC/V compatibles.

The ends are D-sub 25pin male to Centronics 36pin male.

## Feature

- IEEE 1248 compliant
- Bi-directional printer cable.
- Significantly reduces internal and external noises
- Diameter and flexibility of cables are the same as our conventional products.

## Basic specification

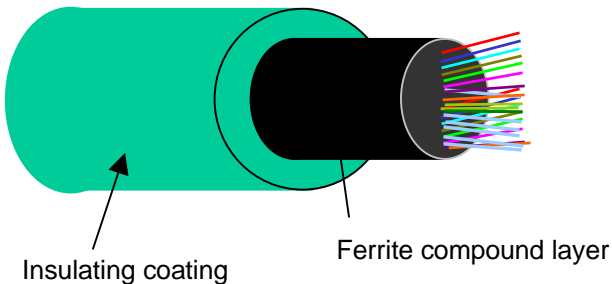

- Centronics 36pin male to D-sub 25pin male
- Cable color : ivory

## Application

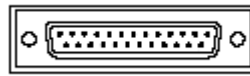

- DOS/V & its compatible

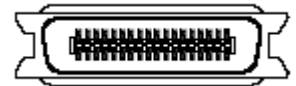

## Inner structure of cable

## Connector specification

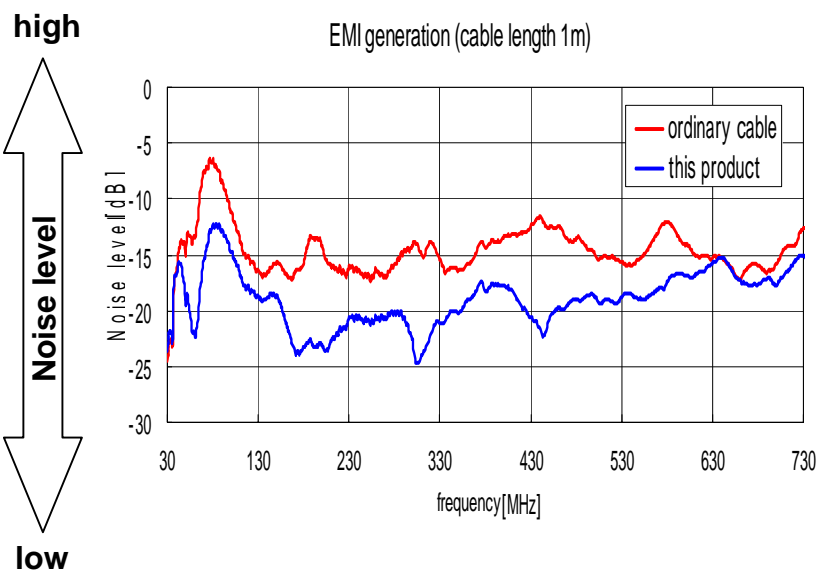

PC side  
D-sub25pin(male)

Printer side  
Centronics 36-pin(male)

## Example of noise received

## Example of printing-energized 16kv

(The amount of static electricity generated by walking on a synthetic fiber carpet.)

Used an ordinary cable
